

**APARICI**ORDER MINIMUM QUANTITIES AND
PALLETIZING FOR ONIONS**LOOSE ONION BAGS:**

The minimum order will be 1 full pallet. Due to automatic palletising, combining different bag references on the same pallet is impossible.

The only valid pallet will be a large 100x120 pallet. It is not possible to palletize on an 80x120 euro pallet size, because the pallet is very unstable during transport.

Palletized quantities per large pallet 100x120 (minimum/optimal/maximum):

Type of bag	Large pallet 100x120 <u>Optimal</u>	Large pallet 100x120 <u>Minimum</u>	Large pallet 100x120 <u>Maximum</u>
Bag 5 Kg	220	200	250
Bag 10 Kg	110	100	125
Bag 15 Kg	72	66	84
Bag 20 Kg	50	55	65
Bag 25 Kg	40	45	50

BULK ONION BOXES:

The minimum order for boxes will be half a pallet. Two half pallets are combined, stacked on top of each other with an intermediate pallet, to form a single transport pallet.

We have two pallet sizes: the large pallet (100x120) and the euro size (80x120)

Box model	Full Large pallet 100x120	Half Large pallet 100x120 "Base"	Half Large pallet 100x120 "On top"
Wooden box 10 Kg (4323)	100 (10 base x 10 h)	50 (10 base x 5 h)	40* (10 base x 4* h)
Cardboard box 10 Kg (4323)	100 (10 base x 10 h)	50 (10 base x 5 h)	40* (10 base x 4* h)

Cardboard box 16 Kg (6418)	60 (5 base x 12 h)	30 (5 base x 6 h)	30 (5 base x 6 h)
